

ESF Outreach Invites You to the
2014 Environmental Challenge
Science Fair and Career Exploration for 7th & 8th grade students

BE A SCIENCE FAIR JUDGE!

ESF Outreach cordially invites you to be a judge at the Environmental Challenge. Judging is an exciting and rewarding experience, and we hope you can join us!

What: **2014 Environmental Challenge Science Fair**
When: **March 13 from 9 am to 1 pm (breakfast 8:30 am)**
Where: **SUNY-ESF Campus and the SU Carrier Dome**

What is the Environmental Challenge?

The Environmental Challenge is a science fair and career exploration opportunity designed especially for all Syracuse City School District 7th and 8th grade students. 500 student participants are expected!

What does a Judge do?

Judging is EASY and FUN, and we are looking for at least 100 judges. No experience is necessary. Join us in the new ESF Gateway Center at 8:30 am for breakfast and a chance to mingle with other judges. A brief orientation will follow promptly at 9 am in Gateway. Each judge will be assigned to assess the projects of a group of students. As a judge you don't only get breakfast and lunch, but the opportunity to influence the lives of the young student participants! The encouragement and interest shown by volunteer judges is an essential part of the Environmental Challenge experience.

How do I sign up? Questions?

Contact Maura Stefl at mhstefl@esf.edu or tel. (315) 470-6811.
