

The Night Skies Star Stencils can create a relaxing and romantic display of a real night sky in any darkened room of anyone lured by the attraction to or are studying the night time sky, particularly those associated with the Syracuse Astronomical Society. The Night Skies Star Stencils are available in two sizes featuring accurate and educational winter or summer night time displays over the Northern Hemisphere. Luminous paint and a corresponding star map are included with each Night Skies Star Stencils to enhance their educational value. The stencils can be used more than once and additional luminous paint is available. They can be purchased from many retailers who can be found by searching "Night Skies Star Stencils" on the Internet.

The Night Skies Star Stencils are a portion of the Ursa Major stencil selection produced by Bridgeway. Bridgeway, headquartered in Illinois, is a not-for-profit agency that provides an assortment of services to disabled people. Sales of its American made products help fund those programs.
